A strong partner for all hosts

As a host you live to inspire your guests. This includes an ambience that makes their stay at your premises unforgettable. With VEGA at your side you can do this easily. No matter what challenge your everyday life brings: We have the right solution for you. At the same time, we keep an eye on the trends for you, e.g. the current Scandinavian trend, with which you can bring the Nordic way of life into your rooms. So you can concentrate on the essentials: Your guests.

Your Vega Team!

6 good reasons for 100 % satisfaction

Quality for professionals

Break-proof, weatherproof, dishwasher safe: Our products undergo strict quality controls. With function and design we exceed the requirements of restaurant and hotel equipment.

Supply readiness

Our warehouse in Germany is fully stocked with everything from napkins to armchairs, ready to ship at a moments notice.

From one source

Whether sofa or whiskey glass, indoors or out, classic or trendy, off the shelf or customized; who else can do that? If you still can't find what you are looking for, we are happy to fulfill your wishes.

Worldwide delivery

No matter where you are, our products will be delivered to you worldwide as soon as possible.

Availability guarantee

We think about your future. With an availability guarantee up to 10 years on selected products, we secure your concept for the long term.

Always there for you

Our contact is and remains personal: Our experts are looking forward to your call.

506 PRODUCT & SERVICE OVERVIEW

We supply the whole world

Our story starts over 30 years ago in Germany. Today, around 5,000 parcels leave our company every day. They are shipped from Germany to the whole world.

Our strong brands VEGA, ERWIN M., JOBELINE and Pulsiva belong to the Erwin Müller Group, one of the leading specialists for catering supplies in Europe. The Erwin Müller Group counts around 800 employees working at the headquarter in Wertingen in Bavaria and in international subsidiaries from Austria to China. Together we develop products that make the everyday life of professional hosts easier.

parcels leave our company per day

State of the art technology guarantees a fast delivery

The perfect team for gastronomy and hotel business.

Quality for professionals and everything you need as a host to inspire your guests - this is what the two brands VEGA and JOBELINE stand for. With the highest level of consulting and service competence, we offer you inspiring experiences and all possibilities for customizing our products. Rely on stimulating worlds of experience and work across all product groups. From the reception to the executive suite, from the kitchen to the guest room.

VEGA

Unlimited inspirations.

Gastronomy and hotel equipment are a holistic business. Many factors must interact ideally in order to create a harmonious total work of art.
As the leading platform for catering supplies, we focus on innovative products with high design standards. This is how theme worlds are created that inspire.

JOBELINE

Everything fits on the job.

Workwear in hotels and restaurants must be comfortable and of good quality, as well as contemporary and functional - after all, your employees wear this fashion every day. They should not only feel comfortable in it, but should also be able to identify with it.

Typical VEGA: The chair ESPERIA for your outdoor area. That's why you know and appreciate us!

Outside is the new inside.

As soon as it gets warmer outside, guests want to sit outside. There you can really enjoy the first rays of sunshine. If you feel comfortable inside, you don't want to do without a pleasant atmosphere outside either. So go with the trend. Extend your indoor design to the outdoor area. We offer you a wide range of first-class products that you can combine according to your wishes. Put your money on new ideas. Because outside is the new inside.

Quality in
every detail.
Typical JOBELINE:
The bib apron Mora.
That's why you know
and appreciate us!

Material matters

How do our glasses become more robust than others? What makes table tops extremely scratch-resistant? Whether a product is suitable for the catering industry depends very much on the material from which it is made. That's why this point is so important to us. The best example is the cereals dispenser HAMSHIRE. It consists of tritan, an extremely shatterproof, bisphenol-A free plastic with high transparency. Just right for use at your buffet!

Quality in every detail

Stable, versatile, ideal for combination. Details like these are the focus of our product development. The high-quality Rope weave makes the furniture comfortable and robust and is also absolutely weatherproof. Or our premium porcelain series PREMIORA and QUADRATI. We have increased their edge impact resistance so that they can withstand the rigours of everyday use in the catering trade - and even give you a 10-year guarantee.

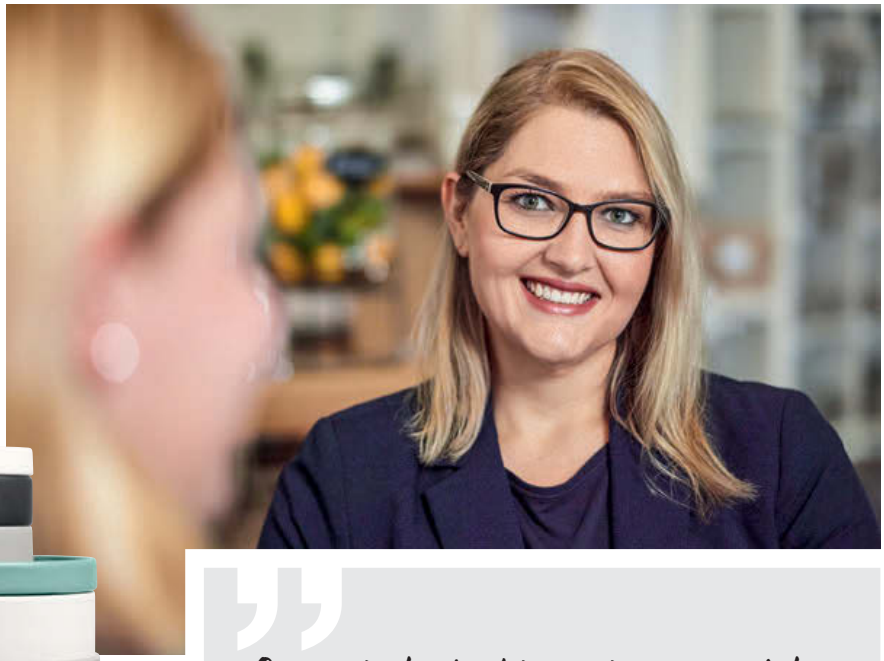

Extremely shatterproof and with high transparency: Tritan is the perfect material for the cereals dispenser HAMSHIRE.

The 15 mm Rope weave makes the chair ESPERIA particularly robust and comfortable.

> Crystal glass series LOTTA
see p. 168, 169

> Porcelain plate series SKADY see p. 68 – 70

Our products should exceed your expectations. This is why we continuously monitor whether our strict quality requirements are being met.

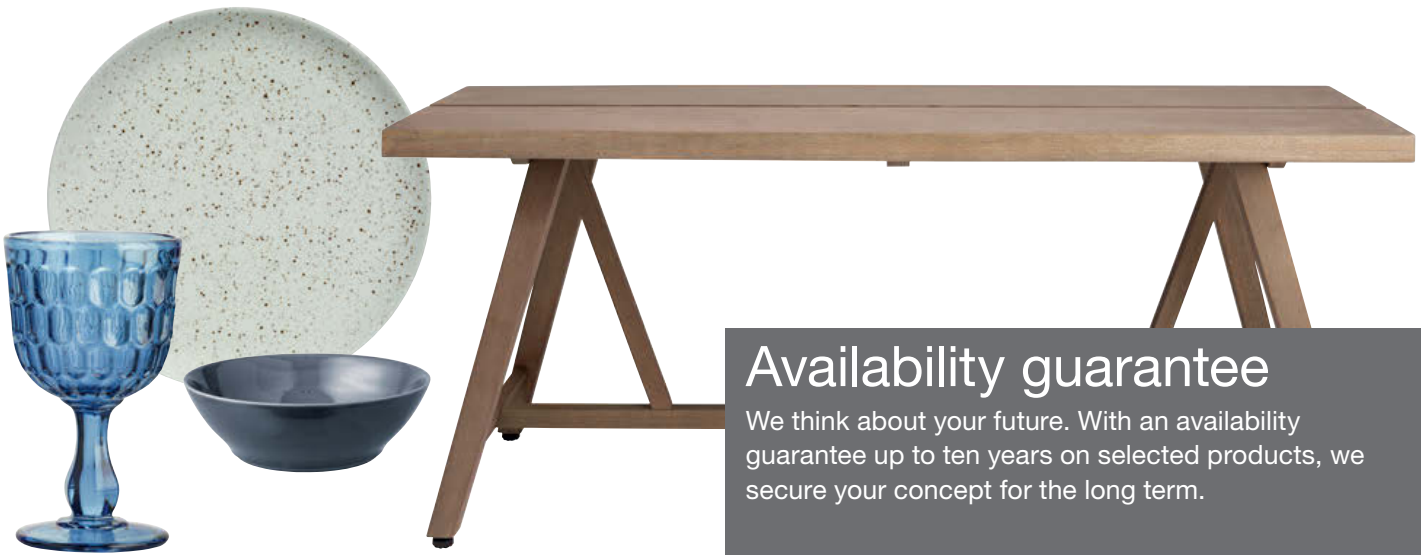

Monika Näpfle, Product Manager VEGA

From professionals for professionals

VEGA products must be absolutely practical. For this reason, we do not only rely on our own many years of experience in product development, but also on the suggestions of our customers. The glass series MELISSA, for example, was developed in cooperation with sommeliers. Because they know exactly how the taste of wine can best unfold.
So that in the end the best comes out for you ...

Tested and approved

Our products always go through one to two sample rounds. Here we check all product details once again. Do our furniture meet the standards for durability and tilt resistance? Do upholstered furniture comply with European fire safety standards? Only when designers, product managers and you as restaurateur are enthusiastic, are we too. You can see the results of this demanding process in this catalog.

Availability guarantee

We think about your future. With an availability guarantee up to ten years on selected products, we secure your concept for the long term.

FROM ONE HAND

Do you need a complete turnkey equipment solution for your restaurant or hotel?
Would you like to equip your restaurant or hotel with new cutlery or furniture?
Do you want porcelain or furniture that no other competitor has?

Scandinavia goes global

Scandinavia is everywhere! Get the Nordic style into your ambience - reduced, uncomplicated and modern. Typical for this style: Clear lines, discreet colors and natural materials such as wood or linen. Because less is often more!

Trend meets baroque

Opulence, pomp and splendour: The baroque style inspires with artistic upholstered furniture, curved shapes and elaborate reliefs and ornaments. Combine baroque elements with trendy pieces - your ambience will become a work of art!

Dinner by the sea

Whether at the Baltic Sea or at the city beach: With these trend pieces your guests get appetite for the sea! It's obvious that the color blue dominates - whether for glasses, table linen or porcelain. Sun loungers and sunshades bring a real beach feeling.

Rope elegant

It will be elegant on the terrace and in the garden in 2020. Because wickerwork furniture, the outdoor classics par excellence, get an exclusive touch. Perfect match: Porcelain, glass, pillow and numerous decorative elements.

Special color through elaborate glaze

Crack-Glaze process

The Crack-Glaze process is an elaborate type of the porcelain glaze and leads to special effects.

There are fine cracks in the porcelain body. With the glaze, color deposits in these cracks and gives the porcelain its special coloring.

Porcelain series THASSILO

An exclusive porcelain series that draws everyone's attention! THASSILO gets its special look through the Crack-Glaze process: Fine cracks are included in the porcelain sharp. While glazing color settles in these cracks and thus the porcelain gets its special color. The individual character of THASSILO is enhanced by the slightly irregular shape. Available in two colors.

Material: Porcelain. Weight plate flat Ø 29 cm: 834 g. Food safe! Dishwasher safe! Suitable for ovens up to 150 °C. Not suitable for microwaves.

Crockery series PALANA

The series PALANA delights with modern colors and trendy vintage look. All parts look as if they were handmade due to their irregular edges. Thanks to the irregular speckles each piece is unique.

Material: Stoneware. Weight plate flat Ø 26.5 cm: 970 g. Dishwasher safe and microwaveable!

Conditions of chipping guarantee

On platters, saucers, flat and deep plates of the porcelain series PREMIORA and QUADRATI we grant a 10-year chipping guarantee.
It applies only to new products of the first choice from invoice date and is only valid upon presentation of the original invoice document.
The guarantee is valid only for chipping caused by normal use (cooling, operation, rinsing and storage) and professional handling. All chipping caused by improper handling as well as fractures or parts of the body are expressly excluded from this warranty.

> Cutlery series CONTROVERSE see p. 154

Tempered glass series MARIAH

Convinces not only with its modern angular shape, but also with its extraordinary robustness: Thanks to a special hardening process, opal glass is 5 to 6 times more impact-resistant than ordinary glass and also more resistant to temperature shocks.

Material: Tempered glass. Weight plate 26.2x26.2 cm: 542 g. Especially robust and shockproof! Dishwasher safe and microwaveable! 5-year availability guarantee!

		Stackable	Dimensions cm	Cont. ml	Ref.	Pcs./pack	Pack €	Piece €

TABLE ACCESSORY SERIES RUBY

The table accessory series RUBY is a practical helper on the laid table. You can insert various containers made of acacia wood into the stainless steel frame. This gives you a versatile accessory for table, counter and buffet, which you can use flexibly as a cutlery container, bread basket or for cruet stands. The patina effect gives frame and containers a trendy vintage look. Frame dishwasher safe, containers not suitable for dishwashers.

Mini pot
KUPARI
24.99

> Food warmer see p. 245

Mini pot KUPARI

Ideal for small portions: Our mini pots are suitable for all hobs, except induction. Their high-quality 3-ply multi-layer material (2 mm) ensures a high thermal conductivity with even, energy-saving heat distribution. All handles are sturdy and riveted. The outside in copper will develop over time its typical, popular patina.

Material: 3-ply multi-layer material
Suitable for all hobs (except induction).
Riveted handles.
Ovenproof up to 220 °C (convection oven). Not suitable for microwaves and dishwashers!

Porcelain series THASSILO

An exclusive porcelain series that draws everyone's attention! THASSILO gets its special look through the Crack-Glaze process: Fine cracks are included in the porcelain sharp. While glazing color settles in these cracks and thus the porcelain gets its special color. The individual character of THASSILO is enhanced by the slightly irregular shape. Available in two colors.
Material: Porcelain. Dishwasher safe! Ovenproof up to 150 °C. Not suitable for microwaves.

VEGA quality

For our cutlery series applies:

- Most of our cutlery series are made of mirror polished 18/10 stainless steel. That means: The cutlery is dishwasher safe, rust proof and dimensionally stable.
- The weight of each cutlery piece is perfectly balanced, and the edges are carefully rounded. As a result, the cutlery is well and safe in the hand.
- Our monoblock table knives are forged from one piece of steel. This makes the knife sturdy and robust and ensures a smooth transition between the handle and the blade.
- At the hollow handle knives, the blade is cemented in the knife handle. The result: A high-quality blade steel combined with a noble, lightweight 18/10 hollow handle, so the knife is perfectly balanced. A large-volume knife tilts when serving not so easily from the rim of the plate.
- Decors and surfaces are manufactured in precision work. This results in an aesthetic, uniform appearance.

Cutlery series SALERNO MATT

The timelessly modern cutlery series SALERNO is also available as an extraordinary design variant with matt handles. The contrast between matt and glossy looks as a visually interesting eye-catcher. Spoons and forks are frosted on the front, mirror polished back. Knives frosted on both sides.

Material: Chrome-nickel stainless steel 18/10. Material thickness 3 mm (measured at the thickest point of the table fork)! Dishwasher safe!

Pizza/Steak cutlery PICANHA

The famous TRAMONTINA pizza or steak knives and forks convince with their top quality on the whole line: They are perfectly in the hand and are manufactured to the highest quality for maximum longevity. The particularly hard cutting blade and the handle rivets are made of stainless steel. The handles are made of polywood and thus made of several layers of pine wood, which are impregnated with resin and then pressed, cut into shape and polished. Polywood is characterized by its high stability, resistance and dishwasher safety. The handles still look "new" even after years.

Material: Chrome-nickel stainless steel 18/10. Dishwasher safe!

Crystal glass

Crystal glass differs from conventional glass in its particularly high transparency, brilliance, thin material thickness and light weight. Depending on the cut, light rays are refracted thousands of times in the glass so that crystal glass shimmers and sparkles beautifully. With their attractive appearance and fine mouth rim, crystal glass stemmed glasses are also perfect for tasting.

> Decanter series MAJA see p. 181

- Crystal glass
- Intense sound
- With and without filling line

Crystal glass series MELISSA

The speciality: Our crystal glass series was developed with sommeliers. Thanks to the long body, the fragrance can unfold optimally. The drawn stem speaks for special quality. The flat foot ensures a secure stand and faster drying in the dishwasher. With the bulbous red wine glass, the width of the goblet ensures optimum development of the aromas, which are still concentrated at the narrow end of the glass. The glasses are very robust and stable and have a long lasting transparency and perfect sound.

Material: Crystal glass. With and without filling line! Dishwasher safe! 5-year availability guarantee!

Crystal glass series SKY
Our crystal glass series SKY is not only characterized by particularly noble, long stems, but also by its high glass quality. The thermal shock hardening achieves a higher surface hardness and thus a higher shock, scratch and breakage resistance, including high transparency and special sound. Made out of one piece - there is no noticeable transition from the goblet to the stem.
Material: Crystal glass. Intense sound! Fine mouth rim! Best stability! Dishwasher safe! 5-year availability guarantee!

VEGA DUO PROTECT

- Fine mouth rim
- High brilliance
- Beautiful sound

Crystal glass series ADARA and SURINA

Our crystal glass series ADARA and SURINA represent a completely new generation of stemware. Thanks to the VEGA Duo Protect finishing process, they are considerably more break-resistant than conventional glass. The glasses have a 37.5 % more resistant glass edge and a 105 % greater stability against mechanical shocks. The increased stem flexibility provides 98 % greater resistance to stem twisting at the goblet (e.g. when polishing the glasses). All this, of course, with the proven properties of a crystal glass: High brilliance and transparency, fine mouth rim, beautiful sound and exquisite aroma experience.

Material: Crystal glass. Dishwasher safe! Very robust!
5-year availability guarantee!

Noble to look at, flexible to combine

If you want to pamper your guests optically, you can present your delicacies on the sophisticated buffet system MONTANA. The modules made of high-quality oak or walnut wood captivate even at first sight. In combination with many inserts and elements, MONTANA is a versatile must have for your food presentation and lets your creativity run free. The overview of all individual parts see p. 220-225.

Many details make the big picture perfect

FUNDALE is in the truest sense of the word simple and ingenious: All parts of the modular series can be flexibly combined with each other and impress with their high-quality workmanship and matt stainless steel frame. Space and time-saving and suitable for any occasion, FUNDALE is the perfect buffet system that leaves nothing to be desired. You can easily create buffet landscapes in any size. Build your optimum combination! The overview of all individual parts see p. 220-225.

LED candle GARDI and GARDIS

LED real wax candles in discreet metallic look with deceptively real flickering wick. Very natural effect by the unevenly "burned down" upper edge. Particularly safe due to LED flame: Soot-free, no smoke and can glow unattended. With timer function for 4 and 8 h operation. AAA batteries not included.

Material: Real wax.

- Trendy overlock hem
- Cotton-linen blended fabric

TITLE offer

Trendy overlock hem

Table linen series BREDA

The table linen BREDA is an absolute must-have for trend-conscious restaurateurs. With its attractive overlock hem it is an eye-catcher on the laid table. The cotton-linen blended fabric does not have to be ironed and thus acquires its very special charm.

Material: 70 % cotton, 30 % linen. Weight approx. 190 g/m².

- Jeans look

8

Table linen series SAN FRANCISCO

This table linen inspires with its current jeans look! Like a "real" jeans it has the typical hard-wearing double seam. The table linen is made of cotton-polyester-blended fabric and therefore very easy to clean. The zipper of the chair cushion is attached to the side - this protects your chairs. Special sizes on request, yardware is available in a width of 160 cm.

Material: 57 % cotton, 43 % polyester. Weight approx. 224 g/m².

- 3 trends in one product

Napkin
TARINA, from
3 49

12

13

Napkin NANTES

Napkin made of cotton-polyester blended fabric: The cotton gives the napkin a pleasant feel. The polyester content makes it easy-care and quick-drying. The napkin is absolutely trendy with the lettering "Bon Appetit", which is placed in light, fashionable grey as a digital print in the right corner of the napkin. Its natural color, a broken white, also makes the napkin NANTES a real trend product.

Material: 80 % cotton, 20 % polyester. Weight approx. 175 g/m².

Table linen series FIRENZE

Table linen and seat cushions for inside and outside! The discreet tone-on-tone batik dessin in many colors can be ideally combined. The easy-care fabric is surface-sealed and has a textile grip. The seat cushions are without elastic bands and have a non-slip underside. The yardware has a maximum length of 15 m. Special sizes up to 170 cm width on request.

Material: 50 % cotton, 50 % polyester, acrylic surface sealing. Easy to clean, simply wipe with a damp cloth. To maintain the surface sealing, iron the back of the fabric at low temperature. Please do not wash seat cushions, only wipe with a damp cloth.

VEGA disposable napkins: These are the materials

Cell tissue:
Cell tissue is the simplest disposable material and is produced on the basis of cellulose. It is very supple, tearproof and low in lint. Napkins made of this material are multi-layered and absorbent. Cell tissue can be produced with different grams to optimize volume and absorbency. VEGA cell tissue products are the cell tissue napkins.

Airlaid:
Airlaid is a fabric-like disposable material. It is very absorbent and resistant both when dry and when wet. In addition, it is soft and very pleasant to touch. The synthetic fiber is not biodegradable. VEGA products made of Airlaid: COTTO, ARLA.

Double-Point:
Double-Point napkins are slightly higher quality than napkins made of cell tissue or recycled paper. This is due to their manufacturing process, in which two layers of paper are bonded using microdots. This softens the napkins and gives them volume. They feel wonderfully comfortable for your guests. VEGA products made of Double-Point: RUSTO, DUBO and VINTIO

Spunbond-fleece:
The disposable Spunbond-fleece is more tear-resistant and liquid-resistant than conventional paper. VEGA products made of Spunbond-fleece: SPUNO.

Spunlace-fleece:
This material is the highest quality of our napkin materials and feels like "real" fabric. The disposable fleece with a weight of 70 g/m² consists of viscose and cellulose. The material is soft, pleasant to touch and very homogeneous. Spunlace-fleece is very resistant to both dry and wet conditions. The material is biodegradable and compostable. VEGA products made of Spunlace-fleece: LINO, LEINA.

Recycled paper: The eco-friendly alternative

One way of making disposable products as eco-friendly as possible is to manufacture them from recycled paper. Our paper series RECYCLIO consists of 100 % recycled raw materials and is printed with compostable color. The paper is completely compostable after use and therefore has little impact on the environment. Table linen made of recycled paper is particularly suitable when many napkins or placemats are needed quickly, e.g. at trade fairs, parties or in the catering industry. But snack bars and food trucks also like to use this material.

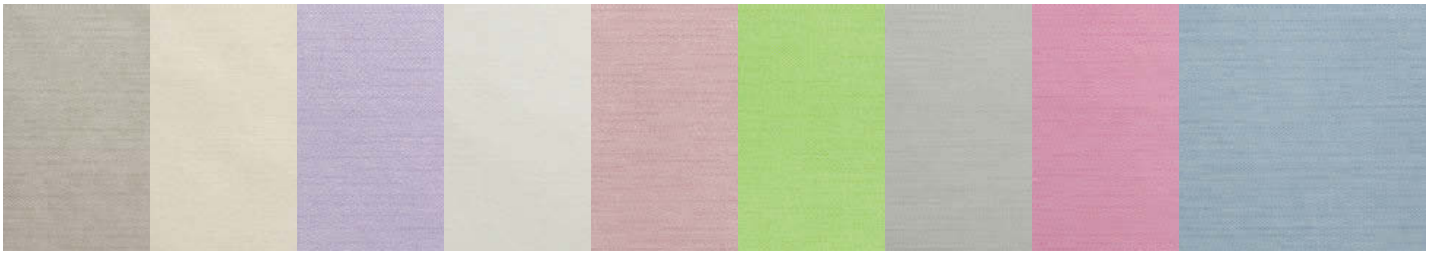

> Paper placemats MENULO see p. 291

- Fabric-like
- Pleasantly soft

Skirting PORTO

We make the table covering to a quick and easy thing: This complete skirting you just hang over your table - done. For secure attachment, the skirting fastening pack contains several practical mounting aids, which offer suitable solutions for all decoration variants. In addition, you can use overlap clips to individually balance the length of your tablecloth for tables of different lengths. The fired seam also ensures a naturally soft fall. Supplied with hanger, which allows a crease-free storage.

Material: 100 % polyester. Hang up wet, easy-iron.

Your advantage with velvet fabric

Velvet is a chic and fashionable fabric that sets brilliant accents. The noble shimmering surface gives it a high value.

In addition, the fabric is very easy-care and easy to clean.

Nosag suspension

NOSAG springs are sometimes also named steel wave springs. Their spring steel wire is snake-shaped and known for its long durability. In addition, the Nosag spring has a high dimensional stability. Compared to other suspension systems, the Nosag suspension offers extraordinarily good sitting comfort, as the current sitting position is supported here in a targeted manner. Thanks to its strength and robustness, it provides optimum support even after years without losing its function.

Decorative seam on the back

Chair series WINCHESTER velvet

Our chair series WINCHESTER inspires with style and quality and can be wonderfully combined with many of our tables and lounge furniture. On the back there are traditional button indents, which are handcrafted in high quality. The bar chair also has a foot rail protector made of black powder-coated steel. Plastic glides on the underside protect your floor.

Material frame: Beech solid black lacquered, cover: 100 % polyester.
Easy-care! Button indents! Very comfortable!
3-year availability guarantee!

Armchair and sofa CHESTERFIELD velvet

The finest combination of vintage look and traditional English style. Armchair and sofa are made of robust velvet fabric and with everything that makes this furniture so special: Traditional button indents from elaborate and careful handcraft, generous seat and a rivet adornment on the front. The high seating comfort is primarily due to the high-quality upholstery, the materials are fire-retardant. Plastic glides under the wooden legs made of turned and stained beech wood makes it easy to move.

Material cover: 100 % polyester, legs: Beech solid, stained. Comfortable due to large seat and high-quality upholstery! Easy-care!

Furniture series ADAPTO

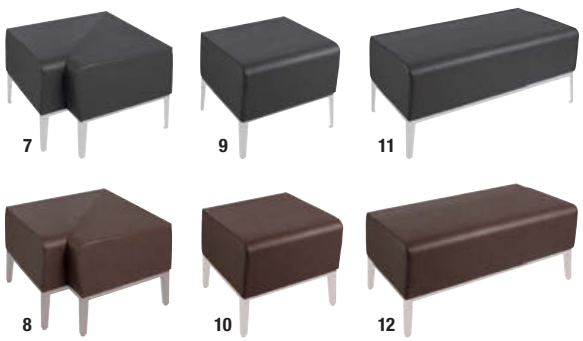

- Modular bench system with plenty of flexibility and scope for design
- Frame made of steel in an industrial look or noble, solid, brushed oak wood in tobacco stained
- Seat element with backrest with very high quality quilted seams
- Additional attachment element for height and comfort in the back area
- Two different backrest heights possible, e.g. for recessing windows
- Very comfortable and high-quality upholstery elements made of robust, very easy-care imitation leather in vintage style
- Can be easily combined with many other pieces of furniture from our assortment
- Incl. integrated adjustable glides for levelling uneven floors and walls
- Frames can be linked next to each other with the matching linking device (Ref. 30040264)
- Linking back to back possible with the matching linking device (Ref. 10093926)
- Easy and fast assembly
- Other materials and dimensions available on request
- Attention: The backs are not covered on the back as standard. This means that they can be used freely in the room only with a back-to-back linking.

Material frame: Steel or wood. Material cover: Imitation leather. Combinable! Modular system! Easy to clean! Height adjustable!

Bar furniture series CAJUS

The real wood table tops and barstool seats are available in oak. The oil-wax treated table tops and seats are easy to clean with a damp cloth. These must be ordered separately. The table tops are equipped with metal braces, which prevents deformation of the table tops while allowing the natural product wood to work.

Material: High-quality stainless steel and real wood! Easy to clean!

Furniture series TORRES

The industrial look belongs to the very hot gastronomic trends. If you are looking for a vintage style in your bar, your brewery or your in-room, this series is the best choice: The robust metal frame is not powder-coated, so that the natural steel look with its slight traces of corrosion is retained. The matching screws and large nuts can also be seen. The table and bench top made of high-quality solid oak (stained and lacquered) are easy to clean and complete the vintage look perfectly. Can be combined with our table tops TORRES (www.em-group.com). Easy assembly, delivered disassembled.
3-year availability guarantee!

Furniture series CAMPANO

The furniture series CAMPANO convinces with best quality and classic simplicity. The material is high-quality, solid oak wood in the colors natural and tobacco stained. The handcrafted surface of the comfortable chairs with their ergonomic seat recesses and the tables in different sizes is lightly brushed and easy to clean. The tables can be extended with additional table tops in two sizes. The connector rails simply disappear under the table top when not in use. Stable struts made of lacquered steel prevent distortion of the table top.

Material: Oak solid, stained. Seat height: 46 cm. Easy to clean! Functional!

Furniture series TORONTO

Elegant, durable and comfortable: The furniture series TORONTO impresses with its design and quality. With slanted legs and the slanted table top, it inspires your guests. All parts are made of high-quality oak wood and available in natural or tobacco. The foot rail of the barstool is made of brushed stainless steel. At the tables steel bars prevent the table top from warping. Another special feature: Bar tables and barstools are a little bit lower than conventional bar furniture. So they do not seem so bulky in your ambience and make sitting down and getting up easier and more comfortable. The seat recess at the barstools and the bench ensures that your guests sit ergonomic and comfortable - so they will be happy to spend more time at your bar.

Material: High-quality oak wood.

Design your interiors with DIVISO!

Separation system DIVISO
If you are looking for a maximum changeable separation system that can be used freestanding in the room or on the wall, this room divider is a very good choice! The base element in natural wood look is available in several decor colors, which form a beautiful contrast to the color-contrasting base in stainless steel look. You determine the height of the room divider by the number of the structure elements just like the different insert plates, e.g. for plant pots. In combination with the white coated glass insert plate, the room divider can even be illuminated, especially as the base element has a continuous cable duct for invisible electrical installation. All parts are delivered assembled, the individual elements can be easily plugged together.r
Individually combinable!

Cutlery cupboard ALDENO

Very handy helpers are our well-made cutlery cupboards, in which you always have cutlery, menus and cruet stands ready to hand. At the same time, the cupboard can also serve as a decorative room divider, because its rear panel is veneered and lacquered. Practical drawer with 6 compartments (LxW 13x32 cm) or 3 compartments (LxW 17x32 cm) for cutlery, napkins and much more. The cutlery cupboards are lined with felt. In the side compartment of the door is a height-adjustable shelf (for the large model LxW 36x38 cm, for the small model LxW 58.5x33.0 cm). There are 2 or 3 possible shelf positions, the distance is 10 cm. In the open side compartment (only for the larger model) there are two shelves (LxW 58x38 cm).

Material: Real wood veneered! White color is lacquered!

Table CONFERENCIO

You have the choice between an open and a closed frame made of powder-coated steel. The open frame has the additional advantage that your guests can sit comfortably on all sides of the table. On all frames, plastic glides on the underside protect the floor. Thanks to its high-quality HPL coating, the table top is robust, scratch-resistant and easy to clean. The impact-resistant ABS edges make the table top additionally resilient and stable. Mounting the table top is simple and safe - thanks to the holes with threaded inserts on the underside of the table top.

Material frame: Powder-coated steel, table tops: High-quality HPL surface. Easy to clean! Robust!

Table top FINANDO

Versatility and quality: These table tops inspire with their modern design and fit into any ambience with their large choice of decors! They are made of pressed wood chips and sealed watertight - thus they are perfect for indoors and outdoors. With their low material thickness of only 16 mm they look lightweight and filigree. Choose from the shapes round, square or rectangular and several different decors - as it fits your individual style. Note: In strong sunlight especially dark decors can bulge. This process is normal and the original shape is restored as soon as the insolation decreases. Therefore, we recommend bright decors for outdoors. Our table bases together with the table top sizes recommended by us, meet the requirements for stability. The table top is simply screwed to the table base. Mounting material is included in the table base.

Easy to clean! UV and weather-resistant!

Flat® technology

The annoying wobble of indoor and outdoor tables has finally come to an end. This is made possible by the special patented Flat® technology. The hydraulically mounted floor glides adapt perfectly to any unevenness in the floor. This means that several tables can be quickly and easily levelled in the height and simply lined up next to each other. Simply align the tables in the desired position.

- Hydraulical floor glides
- The table base perfectly compensates for any unevenness in the floor
- Simple aligning of several tables next to each other in the same height

Sustainable and personalizable

Washpaper

Is a modern, ecological paper that is gaining more and more recognition. It is a special mixture of cellulose that prevents paper fibers from dissolving in water and strengthens their structure, which is similar to the appearance of leather. The products made from it can easily be washed by hand or wiped with a very damp cloth.

Bamboo

Light, durable, waterproof, ecological - a quickly renewable and natural raw material. When felling bamboo, the root system remains intact, so new plants can constantly grow again.

Customizing

Personalize your menus!
Refine our menus with your logo. Whether print or embossing - your menus look high-quality and underline the character of your house.

ALL HEAT SOURCES

Professional cast frying pan

- Material: Aluminum cast
- Manufacturing process: Hand casting, pans are cast in one piece stress-free, thus the pan body cannot deform even at high temperatures.
- With titanium non-stick coating for cooking without fat, prevents sticking of the food and guarantees easy cleaning
- With thermo induction bottom (8 mm) for optimum energy absorption and uniform heating
- Optimum heat storage and conduction in the pan body
- Temperature resistant up to 250 °C
- Solid stainless steel handle for optimum handling
- Suitable for dishwashers

Care instructions for chef knives

Cleaning

Do not put knives in the dishwasher. The temperature differences and friction with other utensils damage the blade. After each use, wash the knives with warm water and a soft sponge and, if necessary, with a little pH neutral dishwashing detergent.

Chef knife series SPECIAL

- Material: Molybdenum-vanadium steel, specially hardened and extremely corrosion-resistant

Terry series NAPURA

High-quality single-ply terry with fine stripe pattern. The terry series NAPURA consists of 100% natural fiber (organic cotton from controlled cultivation), is GOTS-certified and skin-friendly. No chemical fertilizers or pesticides have been used in the cultivation, and the dyestuffs are biodegradable. This considerably reduces the risk of dermatological and allergic diseases!

Material: 100 % cotton. Weight approx. 400 g/m². Bath mat approx. 600 g/m².

Terry series VALENCIA

Whether plain or striped - with this first-class single-ply terry in the latest trend colors you bring colorful variety to your bathroom. Extremely hard-wearing top quality in new terry weaving technology with convincing advantages: The terry remains dimensionally stable after washing, no warping of the edging! It is excellent to combine, extremely absorbent, cuddly soft and easy to clean. With the exception of the intense colors, all colors are colorfast, boil-proof and chlorine resistant. Bath mats available in plain. Embroidery possible.

Material: 100 % cotton. Intense colors: Brown, dark blue, graphite. Weight approx. 460 g/m². Bath mat approx. 820 g/m².

Terry series BALANCE

This terry transforms any bathroom into an oasis of relaxation. The towels with their silky shine, velvety feel and flowing drape are pure luxury for your guests. The easy-care, fluffy fabric contains viscose, which is extracted from bamboo. The towels are elaborately set off with a woven structure in pleated look. Also available as bathrobe in a comfortable cut with two patch pockets, tie belt and hood. Suitable for "her" and "him"!

Material: 60 % cotton, 40 % viscose (bamboo fiber). Intense colors: Anthracite, dark blue, red. Weight approx. 600 g/m². Bath mat approx. 800 g/m². Bathrobe ca. 450 g/m².

Terry series DUO

Inspiring color selection and hard-wearing, durable 2-ply terry! The terry series DUO scores with its modern weave structure and best hotel quality. The towels become a real eye-catcher thanks to the wide stripe in a smooth structure at the edge. When it comes to colors, you can choose between two color worlds: Discreet natural colors or bright intense colors with which you can set cheerful accents in the bathroom. Both color worlds have one thing in common. They are perfectly coordinated so that the individual colors can be wonderfully combined.

Material: 100 % cotton. Intense colors: Mocha.
Weight approx. 500 g/m². Bath mat approx. 800 g/m².

Fitted sheet
PHÖNIX, from
24.99

- Optimum fit for mattresses and box spring beds
- Especially durable
- Non-iron

Fitted sheet PHÖNIX

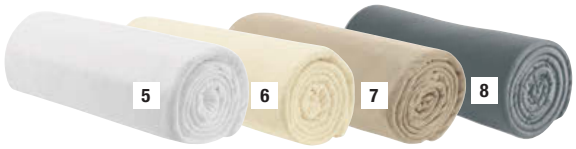

The fitted sheet PHÖNIX is a luxury sheet. The lavishly refined jersey cloth convinces with its noble shine and incredibly soft feel. Thanks to its high elasticity and rebound force, it can be stretched several times and is therefore suitable for mattresses and toppers in a height of 17 cm to 40 cm. The elastic band is sewn in all around for a secure hold. The heavy quality makes the bed sheet absolutely opaque so that the mattress pattern does not shimmer through.

Material: Jersey (non-iron): 94 % cotton, 6 % spandex. Weight approx. 230 g/m².

WxL cm	90-100x200-220	140-160x200-220	180-200x200-220

Fitted sheet
MICRO MODAL, from
14.99

- Non-iron
- High breathability

Fitted sheet MICRO MODAL

The fitted sheet MICRO MODAL is pleasantly light, cuddly and has a soft feel. The smooth surface ensures excellent moisture absorption and high breathability - ideal for sensitive skin. Compared to viscose, Modal offers improved tear strength and abrasion resistance and at the same time retains its shape even after frequent washing. Easy covering, optimum fit. Base height 25 cm.

Material: Jersey (non-iron): 100 % Micro Modal.

Optimum sleeping climate

Best quality bedding - these are our duvets and pillows LARENTINA. With the duvet you give your guests well tempered sleeping comfort with an ideal climate regulation.

You owe this to the climate fiber Thinsulate™ from 3M: A microfiber that is also used in sports due to its excellent moisture transport and breathability.

Suitable for allergy sufferers

VEGA offers several types of toppers

BASIC DREAM – with filling made of polyester fibers
The topper with siliconized polyester hollow fibers is soft and comfortable. It is easy-care and is fixed with corner rubber bands.

COMFORT – with cold foam
Thanks to its honeycomb structure, the cold foam topper offers good pressure relief and thus forms a comfortable lying surface. It is fixed with four corner rubber bands and has a removable and washable cover.

EXCLUSIVE – with viscoelastic foam
Viscoelastic foam adapts perfectly to the body. It distributes the body pressure evenly and enables a good sleep. Its anti-allergic, easy-care cover has a zipper and can be easily removed.

LUXUS – with gel foam filling
Its viscoelastic foam ensures a perfect sleep, because it relieves and distributes the body pressure optimally. Its microcapsules with a climate regulating gel guarantee that the lying surface always remains pleasantly cool.

Pocket spring topper
The core of this topper consists of curved springs, which are individually wrapped in fabric pockets and can react very precisely to pressure. This topper supports the body and especially the spine precisely. It promises optimum ventilation for an ideal sleeping climate.

- Height: 4 cm
- Visco foam core adapts to heat

Cover

Topper EXCLUSIVE visco foam

- Quilted underbed and ergonomic, visco elastic pad in one
- Core made of visco elastic foam, adapts individually to the body and provides pressure-relieving sleeping comfort

Travel cot for children BAMBINA

If you want to be prepared for reservations with children, this practical and comfortable travel cot is a must. Stowed in a compact carrying bag, it fits anywhere and can be quickly assembled and dismantled as a small bed or playpen. The spacious utensil bag has plenty of room for toys. Thanks to the 2 wheels, you can easily push the travel cot into any room. In addition, the bed also has a practical loophole. With wipeable cover. Weight without packaging: Approx. 6.8 kg. For better comfort during longer stays, the matching travel cot mattress BAMBINA is available.

Delivered assembled! With wheels! Foldable!
